Plannings projets GB éolien offshore posé

Image

En attendant que les parcs éoliens offshore français soient implantés, regardez ce qui se passe en Grande-Bretagne et étudiez la possibilité de participer à cette dynamique en fonction de votre positionnement sur la chaîne de valeur technique du secteur :

Offshore Wind Project Timelines

The content of this document has been developed in co-operation with the Offshore Wind Programme Board and The Crown Estate, with the support of the Offshore Wind Industry Council.

All data in this document has been validated by developers and is based on the best available information at the time of publication regarding their respective projects. As such, this information should be regarded as indicative and subject to change over time. The aim of publishing this information is to provide an insight (as of June 2016) into the timelines of offshore wind projects in the UK out to 2020 and beyond, showing the progression of the UK's offshore wind programme.

Join the UK's Leading Renewable Energy Trade Association

considering membership offers an opportunity for support, advice and industry connections with the power of united UK voices to influence policy and protect our interests.

Join and become part of the offshore community - you will be in a position to help shape the future of the industry.

Au plaisir de vous rencontrer de l'autre côté de la Manche, comme la semaine dernière à Londres

Bien cordialement
