A propos de moi

A propos

Site engineering (acoustique/psychoacoustique/CFD/site optimization)

Turbine industrialization (wind/gas/steam/hydro)

- Power system

- Power/Energy management

- Rotating machinery

- Gearbox

- Distribution électrique

- Système anti/de-icing

- Solution pale furtive

- Environnement sévère (foudre, impact givre)

- Design To Cost

- Optimization (profile, weight...)

- Expertise composite

Manufacturing Engineering

Safety / Maintenance préventive

Health monitoring

System Engineering

Suggestions des utilisateurs
